What is to S.O.A.P.

S.O.A.P. is an acronym for the 4-step process of Scripture, Observation, Application and Prayer. It's a way to get more out of your personal time in God's Word whether you have 10 minutes or an hour. It's a simple method for those who are new to Bible study and those who are experienced in Bible study. Both can use it to get to know God better and be transformed by his word. It's a tool that can show anyone they can read, understand and study God's Word for themselves.

S - Scripture - Open your Bible to your reading for the day. Take time reading and allow God to speak to you.

O - Observation - What do you think God is saying to you in this scripture? Ask the Holy Spirit to teach you and reveal Jesus to you.

A - Application - Personalize what you have read, by asking yourself how it applies to your life right now. Perhaps it is instruction, encouragement, a new promise, or corrections for a particular area of your life. Write how this scripture can apply to you today.

P - Prayer - This can be as simple as asking God to help you use this scripture, or even a prayer for a greater insight on what He may be revealing to you. Remember, prayer is a two-way conversation, so be sure to listen to what God has to say! Now, write it out.
